Future-Proof Big Data Training Modules

TRAINING AND PILOT SESSIONS HAVE BEEN COMPLETED

Inclusive Trainee Sessions (A3.6) Immediately following the trainer training sessions, an 'Inclusive Trainee Session' was held on 6 January, again at Istanbul Hadımköy High School. The target attendance of 45 was exceeded, with a total of 49 trainees from IT vocational training courses taking part. During this well-attended session, practical training on big data skills was provided.

NEWS

The excitement of the competition is building! The 'Best Innovative Idea Competition' (A3.7) has been launched to support innovative ideas in big data applications. Global Vision: Two different application forms have been made available, centred on Turkey and Germany. Principle of Equality: Teams participating in the competition must be formed with due regard for gender equality. Applications Open: We are looking forward to projects that utilise big data in innovative ways!

Gender Equality Session for VET Trainers (A3.4) The 'Gender-Equal Trainers' session, organised as part of our project, was successfully held on 5 January at Istanbul Hadımköy High School. Pilot tests and training were provided to 20 vocational training trainers in the IT sector. Official certificates were presented to the participants at the end of the training.

The TPM2 (Second International Project Meeting) was held with the participation of representatives from partner organisations.

CURRENT SITUATION AND TARGET AUDIENCE

- Trainers: 20 VET trainers (certified)
- Trainees: 49 VET trainees (inclusive training)
- Competition entrants: Young people and experts from Turkey and Germany with innovative ideas.
