

TPM3 TOOK PLACE IN COLOGNE

TPM3, the third international meeting of our project, was held on 26–27 May in Cologne, Germany, hosted by Xient.

Xient representative Çağlar Kadam and L4Y representative Sofia Audrina attended the meeting in person, whilst Selin Selim, representing the MAT Foundation, joined the meeting online. Over the two-day meeting, all work packages (WP) of the project were reviewed in detail. While completed work was reviewed, plans were made for the completion of remaining tasks, and discussions took place regarding the sustainability of the project's outputs.

THE QUALIFYING ROUNDS FOR THE A3.7 COMPETITION HAVE BEEN COMPLETED

- The evaluation and selection processes carried out as part of the “Best Innovative Idea Competition” (A3.7) have been successfully completed.
- Innovative big data ideas submitted from Turkey and Germany have been assessed by teams of experts, and the winners of the competition are set to be announced very soon.
- Throughout the competition, the creative and solution-focused ideas of young people in the field of big data attracted particular attention.
